PUBLIC NOTIFICATION ASBESTOS MANAGEMENT PLAN AVAILABILITY

July 1, 2021

Distribute: Principals, School Faculty, Staff, Parents and Organizations
Re: Notification of Asbestos Inspection and Management Plan Availability

To Whom It May Concern:

The Asbestos Hazard Emergency Response Act (AHERA) requires the nation's schools to conduct detailed inspections to identify all asbestos-containing materials that might be present in the school environment. AHERA requires the inspection results and the associated Management Plan be submitted to the Louisiana Department of Environmental Quality (LDEQ). A copy of the Management Plan must be kept and maintained at the administrative office for review by the public.

Springfield Middle maintains a proactive asbestos awareness program. An accredited inspector has inspected the school and provided a letter stating to the best of his knowledge, no asbestos containing building materials (ACBM) were used at this school. A copy of the letter is in the Management Plan and is available for review.

This is the annual notification required for the public. If there are any questions, please contact the Designated Person, Danita Duffy, at 225-686-4212 for more information or assistance.
